 Defendant.)
)
)

I, Daniel T. Satterberg, Prosecuting Attorney for King County in the name and by the authority of the State of Washington, do accuse MICHAEL LEE DUDLEY of the following crime[s], which are based on the same conduct or a series of acts connected together or constituting parts of a common scheme or plan: **Murder In The Second Degree, Murder In The Second Degree**, committed as follows:

Count 1 Murder In The Second Degree

That the defendant MICHAEL LEE DUDLEY in King County, Washington, on or about June 9, 2020, while committing and attempting to commit the crime of assault in the second degree, and in the course of and in furtherance of said crime and in the immediate flight therefrom, and with intent to cause the death of another person, did cause the death of Jessica D. Lewis, a human being, who was not a participant in said crime, and who died on or about June 9, 2020 ;

Contrary to RCW 9A.32.050(1)(a), (b), and against the peace and dignity of the State of Washington.

And further do allege the defendant, Michael Lee Dudley at said time of being armed with a handgun, a firearm as defined in RCW 9.41.010, under the authority of RCW 9.94A.533(3).

Count 2 Murder In The Second Degree

That the defendant MICHAEL LEE DUDLEY in King County, Washington, on or about June 9, 2020, while committing and attempting to commit the crime of assault in the second degree, and in the course of and in furtherance of said crime and in the immediate flight therefrom, and with intent to cause the death of another person, did cause the death of Austin Dean Wenne, a human being, who was not a participant in said crime, and who died on or about June 9, 2020 ;

Contrary to RCW 9A.32.050(1)(a), (b), and against the peace and dignity of the State of Washington.

And further do allege the defendant, Michael Lee Dudley at said time of being armed with a handgun, a firearm as defined in RCW 9.41.010, under the authority of RCW 9.94A.533(3).

DANIEL T. SATTERBERG
Prosecuting Attorney

By: 
Mary H. Barbosa, WSBA #28187
Senior Deputy Prosecuting Attorney

CAUSE NO. 20-1-05595-2 SEA

PROSECUTING ATTORNEY CASE SUMMARY AND REQUEST FOR BAIL AND/OR
CONDITIONS OF RELEASE

The State incorporates by reference the Certification for Determination of Probable Cause prepared by Detective James L Cooper of the Seattle Police Department for case number 2020-191677.

Bail was set at First Appearance in the amount of \$5,000,000.00. Pursuant to CrR 2.2, the State requests that bail remain in that amount because the nature of the charges and the extraordinary lengths the defendant went to in order to hide the evidence of his crime suggests that he is likely to commit another violent crime. While the precise motive for this crime is not yet fully known, the evidence to date shows that the defendant was angry with the victims for not paying rent and for bringing potential criminal activity to the Ambaum home. The defendant, likely with the aid of others, dismembered the two victims after he killed them, separated their bodies into multiple bags and suitcases and tried to hide them in different bodies of water. This process would have taken a lot of time and effort and his willingness to take these extreme steps demonstrates the threat he poses to the community. The atrocities inflicted on the bodies of the victims after their murder has greatly increased the anguish and suffering of their families. This case is still under active investigation and additional charges may be forthcoming.

The defendant's criminal history includes a felony conviction from Thurston County in 1996 for VUCSA, convictions in California for Carrying a Concealed Weapon in a Vehicle (1994), Taking a Vehicle for Temporary Use (1995), Vehicle Theft (1996), and a conviction for DUI in Oregon (1977).

The State requests an order prohibiting the defendant from having any contact with the family of the victims.

Signed and dated by me this 24th day of August, 2020.

Mary H. Barbosa, WSBA #28187
Senior Deputy Prosecuting Attorney

**CERTIFICATION FOR DETERMINATION
OF PROBABLE CAUSE**

GENERAL OFFENSE #	20-191677
UNIT FILE NUMBER	H20-366

That James L Cooper is a Detective with the Seattle Police Department and has reviewed the investigation conducted in Seattle Police Department Case Number 20-191677;

There is probable cause to believe that Michael L DUDLEY W/M/12/29/57 committed the crime(s) of MURDER within the City of Seattle, County of King, State of Washington.

This belief is predicated on the following facts and circumstances:

On 6-19-2020, at approximately 2:11 pm, the Seattle Police Department (SPD) 911 call center received a call from a young woman who was at 1150 ALKI Ave SW, located in the city of Seattle, County of King and the State of Washington. The woman fully identified herself to the 911 caller and her identity was captured in the SPD CAD (Computer Aided Dispatch) Report. The 911 caller was reporting that she and her friends had located a large suitcase on the rocks by the water. She and her friends had opened the suitcase and found a black trash bag inside with unknown contents, but a "foul" smell was coming from the trash bag. Uniformed officers of the SPD were not dispatched to the call until approximately 4:17 pm, due to manpower shortage issues. When SPD officers arrived, they began an area search for the described suitcase in the water around 1157 Alki Ave SW - Anchor Park. Officers searched the westside of the park and coastline and did not locate the suitcase or anything suspicious. However, when SPD officers searched the eastside of the park they located, partially in the water, a black luggage bag that was unzipped and stuck in the rocks. The suitcase flap was found opened and the suitcase was completely open and empty. SPD officers scanned the water and immediately saw what appeared to be a black trash bag floating in the water just to the east of the rocky outcropping where the black suitcase was located. SPD officers could see something partially protruding from inside. As they got closer to the trash bag, they observed what they believed to be possibly a human torso. SPD officers requested the SPD Harbor unit along with the Seattle Fire Department (SFD) to respond and assist with the retrieval of the trash bag. As officers waited for additional units and assistance, they continued their search eastbound along the shoreline and saw what appeared to be a large black duffle bag stuck in the rocks along the shoreline, approximately 50 yards east of where the first large black suitcase was found. SPD officers utilized a log nearby to retrieve the duffle bag closer to the rocks where it could be pulled on the rocks from the water. As officers were pulling the black duffle bag closer to shore, they observed a smaller white trash bag float out of a ripped hole in the black duffle bag. Utilizing the wood log to retrieve the smaller white trash bag out of the water, SPD officers clearly observed what appeared to be a human foot inside the smaller white trash bag. At that time, officers were able to grab ahold of the black duffle bag and remove it from the water. SPD officers were also able to retrieve the black suitcase from the water. SFD arrived on scene and was able to retrieve the black trash bag from the water as well. The SPD officers set up crime scene tape around the area and the SPD homicide unit was called to the scene. Detective Takemoto and I were assigned to investigate the human remains. The SPD Crime Scene Investigations (CSI) was notified to respond along with the King County Medical Examiner's (KCME) office. Doctor Lubin and Harruff of the KCME's office arrived along with a death investigator from their office. They took control of the human remains. Doctor Lubin was able to distinguish that the remains

SEATTLE
POLICE
DEPARTMENT

CERTIFICATION FOR DETERMINATION OF PROBABLE CAUSE

INCIDENT NUMBER	20-191677
UNIT FILE NUMBER	H20-366

were those of a man and a woman. The Medical Examiner provided your affiant with their case number #20-1732.

After leaving the crime scene, Detective Takemoto and I met with the 911 caller and obtained a recorded statement from her. She stated that she and her two friends located the suitcase around 1:30 pm and had opened the suitcase with sticks. At that point she decided to call 911 because of the smell.

I reviewed the SPD CAD report discovered another caller that had seen the suitcase at approximately 0740 hrs, on the morning of 6-19-20 and had recorded it on her cell phone video. We met with her and obtained a statement from her and the video footage.

I was contacted by several SPD officers and detectives about a video released on the internet, on an app called "Tik-Tok". I was sent a copy of it and saw that it was the 911 caller and her friends finding the suitcase and opening it with sticks and then calling 911. The video corroborated the 911 caller's statement.

On 6-22-20, Detective Takemoto and I attended the autopsy of the human remains at the KCME's office. With the assistance of the SPD Latent Print unit, we were able to identify the human remains as belonging to Austin D. WENNER, 12/03/92 and Jessica D. LEWIS, 08/28/84. During the examination, the KCME's staff located what appeared to look like some type of animal feathers on the remains and grass inside Lewis' mouth. These items were collected.

After attending the autopsy, we were contacted by the King County Sheriff's office (KCSO) about a suitcase with possible human remains recovered near 10000 West Marginal Pl, near the Seattle City Light power substation on the Duwamish river. After examination of the recovered human remains at the scene with Doctor Lubin of the KCME's office, we believed they are additional remains of our victims. These remains also have suspected animal feathers on the remains.

On 6-26-20, I was contacted by Doctor Lubin of the KCME's office she stated that she had concluded her autopsy and that she was going to classify WENNER and LEWIS' deaths as homicides. She confirmed that the remains found by the KCSO were also WENNER and LEWIS. The victims had been beaten and shot prior to being dismembered.

On 6-29-20, Detective Takemoto and I met with WENNER's mother and his cousin at their residence. We learned that WENNER and LEWIS had been in a dating relationship for over 7 years and had been staying at a residence owned by a white male known as MIKE, located on Ambaum Blvd So in Burien since December of 2019. They also informed us that WENNER's street name was "Cash". The mother and cousin told us that they last saw the victims on 5-29-20 when they both came to the house to do yardwork for money. WENNER's mother provided Austin's cell number as 425-457-0779 and 425-205-5596 as the cellular phone number for LEWIS. They both said that WENNER's number did not work because his phone had been broken and they

SEATTLE
POLICE
DEPARTMENT

CERTIFICATION FOR DETERMINATION OF PROBABLE CAUSE

INCIDENT NUMBER	20-191677
UNIT FILE NUMBER	H20-366

would text or call LEWIS's number to reach both victims. They both related that WENNER had told them that he had been assaulted by Samoan males at MIKE's house recently and that both victims feared for their lives. They stated that WENNER described how these men had come to the house and into his room armed with guns and beat him and LEWIS wanting their money. The cousin stated he did not know what the victims had done but he believed they had been involved in some type of criminal fraud activity involving credit cards or a Covid-19 \$1200.00 dollar refund card. Afterwards, Austin's mother drove with us and was able to show us where the victims were last living. She led us to 16466 Ambaum Blvd So., Burien. She also was able to provide a cell number for "MIKE" as 206-427-5018. A record check of this number showed that it is registered to a Mike L DUDLEY. A record check of the residence showed that the owner is a Michael DUDLEY, 12/29/57.

I then contacted WENNER's father. He stated that the last time he saw the victims was at his residence in Renton during the first week of June of this year. When I asked him about how he would contact WENNER he stated that it was on LEWIS' cell number, #425-205-5596 usually. He stated that they had arranged to meet the following week again, but the meeting did not happen. He stated that the last time he had seen WENNER and LEWIS, WENNER had been driving a black Chevy Silverado 4x4 truck. He reached out to them the following week to make plans via cell phone and never got through to either of them. He stated that he had been calling and texting daily since he last saw them. WENNER'S father stated that he even had gone to the Ambaum Blvd residence multiple times looking for the victims because that is where the victims told him that they were living. On one of the visits, WENNER'S father had encountered MIKE who had told him that the victims had left in a hurry, leaving behind property and clothing. WENNER'S father told your affiant he had seen his son's clothing in the garbage can as he was leaving the property that day. WENNER'S father also stated that MIKE had told him that WENNER was having problems with the Samoans but did not go into detail about that.

On 6-30-20, I talked to Jessica LEWIS' father. He stated the last time he had seen the victims was when he met them at the Fred Meyer in Renton. He met them to give them food and a little money. He referred to WENNER as CASH. He also described the vehicle that WENNER was driving as a black in color Chevy 4x4. LEWIS' father also stated that if he were trying to reach the two victims, he would usually call on LEWIS' cell number, #425-205-5596. I then was contacted by LEWIS' aunt. She referred to the victims as "CASH and JESSIE". She also stated that she would call LEWIS' cell number if she would ever need to get a hold of them. Neither WENNER's nor LEWIS's cell phones have been recovered to date.

I obtained LEWIS's cellular phone records, #425-205-5596, through a court approved search warrant. When I received the phone data from Sprint Spectrum Corp I confirmed that LEWIS's cell phone stopped receiving or transmitting cellular tower data on 6-9-20 at approximately 7:08 pm, which would indicate the physical cellular phone was more than likely turned off either intentionally or by the battery running out. Furthermore, one of the last two numbers called from LEWIS's phone was to 206-427-5018, which is DUDLEY's cell number, at approximately 7:01 pm and the cell site/tower that the phone hit off of was a location less than a mile from DUDLEY's

SEATTLE
POLICE
DEPARTMENT

CERTIFICATION FOR DETERMINATION OF PROBABLE CAUSE

INCIDENT NUMBER	20-191677
UNIT FILE NUMBER	H20-366

Ambuam BLVD residence. The last call made or received from LEWIS' phone and that connected to a cellular tower was on 6-9-20 at approximately 7:08 pm.

I was contacted by Dr. Kathy Taylor of the KCME's office. She stated she had examined the remains of the victims and Dr. Lubin's findings during the autopsy of WENNER and LEWIS. She stated that based on her training and experience with these types of cases she believed that the victims were killed and dismembered during the evening hours and possibly in an inside space. She based this on the fact that there was very little insect activity on the victims remains which is what typically occurs with bodies left outside. She also stated that she believed that there were possibly multiple people involved in the homicide and/or dismemberment based on how the victims had been dismembered. She came to this conclusion because the cuts made to the victims during the dismemberment were disorganized and appeared to have been done in different manners and with different cutting apparatuses.

I spoke to a number of witnesses who provided information about this case. All of the witnesses fully identified themselves to me, to include their names, dates of birth and contact information. I was able to verify their identities as provided by researching them in Law Enforcement and other databases. I have referred to them as Witness A - E in the rest of this document in order to protect their identities in this on-going investigation.

I interviewed Witness A, a friend of LEWIS's aunt. Witness A told me that the witness was friends with the victims and had known them for approximately a year. Witness A stated that the victims were living at a place in Burien and that they had discussed their discomfort of being there. The witness stated that they thought the homeowner was "kind of crazy". The witness stated that the last time the witness had seen the victims was at the witness's place during the day. The witness described them as being "panicked". Prior to the witness's very last meeting with WENNER, WENNER had told the witness a week or so before that he had gotten into it with some Samoans from the area. I asked Witness A if the witness had any idea what WENNER had done. He stated he did not but then he stated he knew that "they" had done some kind of "check thing".

I talked to Witness B, a witness that had received "2nd hand" information from her ex-boyfriend. I interviewed Witness B and her ex-boyfriend. Both stated that they had learned from WENNER that he had "pissed off" a Samoan male and that male had written WENNER's name on a bullet and left it in the mailbox at 16466 Ambaum Blvd So. I talked to WENNER's Aunt who had stayed at MIKE's residence prior to moving to California earlier in 2020. She stated that she last time she had talked to WENNER was about two weeks before we had found him. When I questioned her about any knowledge of any beefs that WENNER may have had, she stated she remembered WENNER telling her about getting a bullet in the mailbox at the Ambaum location.

I then received a call from Witness C. This witness used to live next door to DUDLEY with his family. He has since moved but his family still lives at the same residence. He stated that he visits regularly and stay in touch with them. He said he called the homicide unit because when WENNER's identity was released to the public he remembered meeting him on DUDLEY's

SEATTLE
POLICE
DEPARTMENT

CERTIFICATION FOR DETERMINATION OF PROBABLE CAUSE

INCIDENT NUMBER	20-191677
UNIT FILE NUMBER	H20-366

property. He also stated that family members and the other neighbors that live next to DUDLEY have reported hearing gunshots coming from the property during the month of June of this year.

I then was contacted by the King County Sheriff's department and informed that they had contacted an individual that wished to give information about the deaths of WENNER and LEWIS. Witness D was interviewed by me. The witness did not know WENNER or LEWIS. The witness told me that she had met MIKE through other friends in March of this year. She identified him as Mike DUDLEY. She stated that MIKE moved her belongings into his house at 16466 Ambaum Blvd So. on 6-9-20. She came to the house in the late evening hours of 6-9-20 with another witness, Witness E, who had been staying there also. She remembered seeing MIKE that night and his glasses had been broken and he had scratches on him. She described the injuries as looking like "defensive wounds" and she asked him if he was okay. Witness D told me that Witness E had taken a shower and left. Witness D took a shower then opened the door to the upstairs bedroom that she was going to be staying in. She told me that in the middle of the room was "heaps of clothing" but she could see the figure of a person under them with a bloody hand sticking out of the clothes. She immediately closed the door and told MIKE what she had seen. Out of fear, Witness D stated that she made a joke about it and MIKE laughed. A short time later that night MIKE came to her and asked her if there was some where he could take her because he needed to "clean up the mess". He then gave her his truck keys and she left the house and did not come back for several days. Witness D stated that as she was leaving the house that night, she saw DUDLEY laying out large pieces of plastic on the floor of the basement. Witness D told me that MIKE had told her that the victims had been renting the upstairs bedroom. He believed that they had been stealing from him and not paying rent and he was trying to get them to leave. He also had told Witness D that the victims had locked him out of his house twice that day. Your affiant asked Witness D about firearms at the house and she stated that when she arrived on 6-9-20 she had seen shell casings in the washer and ammunition in the basement. Witness D also told me that she found a bullet hole in the two-drawer nightstand in the upstairs bedroom and a bullet strike/hole at the foot of the wooden bed frame. She explained that there is a Roku TV in the room also that belongs to WENNER. I asked her how she knew this, and she stated that when you turn on the TV WENNER's name and email comes up. I asked Witness D if she had questioned MIKE about what had happened and she stated he had told her, "let's just put it this way, his gun misfired and mine didn't." Witness D volunteered for her cell phone to be forensically downloaded by SPD. Several days later I met with Witness D and she gave me a flip phone. She showed me pictures that she had taken of the two-drawer nightstand. In the picture I could clearly see what appeared to be a possible bullet defect/strike at the base of the nightstand. She also had a picture of the foot of the bed frame which also appeared to have a bullet defect/strike. Witness D also provided information about DUDLEY'S vehicles including a truck. The vehicle information was corroborated by Department of Licensing records.

I located Witness E and she was interviewed. She confirmed meeting the victims at MIKE's house. Witness E told me that she had a room at MIKE's house but only used MIKE's house as a place to clean up and store some belongings. She identified MIKE as Mike DUDLEY. She met the victims approximately 3 times at MIKE's house. The first time was on her birthday of this

SEATTLE
POLICE
DEPARTMENT

**CERTIFICATION FOR DETERMINATION
OF PROBABLE CAUSE**

INCIDENT NUMBER	20-191677
UNIT FILE NUMBER	H20-366

year. Witness E recalled that the last time she went to the house she had walked past MIKE's truck and there were green and white garbage bags in the back. She stated that there was a foul smell coming from the bags. She stated it did not smell like regular garbage, that she had never smelled anything like that before and that it was the worst smell she had ever smelled in her life. Witness E stated that MIKE had also asked her to drive a U-Haul truck to Portland but that never materialized. She stated she had learned later the items in the U-HAUL truck had been WENNER's. When I asked her if she was aware of WENNER having a falling out with the Samoans, she stated that MIKE had told her that WENNER had stolen vehicles from the Samoans and had brought them back to the house. Witness E also stated that she was aware that MIKE wanted to get rid of his roommates and had told them to leave. Witness E told me that she asked MIKE if his roommates were coming back and if she had to keep locking her door to her room. Witness E said that Mike told her "you're not going to have to worry about them anymore."

Detectives obtained a search warrant for 16466 Ambaum Blvd So. and it was served on 8-19-20. DUDLEY was taken into custody and taken to the SPD Homicide office. During the service of the warrant CSI detectives found bullet holes, bullet strikes, spent rounds and blood in the "blue" room where WENNER and LEWIS stayed.

While serving the warrant, Detectives were contacted by several neighbors. One set of neighbors told detectives that they had called 911 on 6-9-20 because they had heard gunfire from inside the house and a man yelling "please don't do this, just let me leave." I obtained the 911 call and CAD that confirmed that these neighbors had in fact called 911 on 6-9-20 at approximately 7:15 pm. Burien Police responded but left the residence a short time later when nobody answered the door.

DUDLEY was interviewed and denied being involved in the murder of the victims. He told detectives that the victims stayed with him during the COVID quarantine period. He stated it was just the three of them in the house. He admitted that the victims stayed in the "blue room" at his house. He had charged them 1500.00 a month in rent, but they were not able to pay it. He admitted to having arguments with the victims. He stated that he owned a 9mm handgun and it was in his vehicle that we arrested him in. He also confirmed that his cell # was 206-427-5018. When asked about the blood found in the "blue room" he told us that Jessica had cut herself before and when asked if the blood was hers, he stated he didn't know. He could not explain the bullets or the bullet holes in the blue room. It was also obvious that the room had recently been painted and cleaned. After the interview he was booked into KCJ.

Under penalty of perjury under the laws of the State of Washington, I certify that the foregoing is true and correct to best of my knowledge and belief. Signed and dated by me this 24th day of AUGUST, 2020, at Seattle, Washington.

James L. Legner #5339
