Officer's DUI Narrative:

Authority, Certification, and Training:

Trooper Jack H. Arata is authorized to enforce the laws of the State of Washington and has been commissioned since November 2nd, 2017. He has been employed by the Washington State Patrol since October 3rd, 2016. He has received DUI and Standardized Field Sobriety Testing (SFST) training from the Washington State Patrol Academy. He has completed the 16-hour Advanced Roadside Impaired Driving Enforcement (ARIDE) training course. Trooper Arata was working for the Washington State Patrol as a Trooper in King County wearing his department-issued uniform and driving his department-issued patrol car. His assigned shift was 1700-0300 hours. He is currently assigned to WSP District 2, Detachment 14. Trooper Arata has completed the 16-hour Advanced Traffic Stops training course designed to assist law enforcement officers to be more proficient in detecting human trafficking, narcotics, guns and other criminal violations on the roadside. Trooper Arata has completed the 80-hour Advanced Collision Investigation training course.

Vehicle in Motion (Initial Observations, Observations of Stop):

On 07/14/2021 at approximately 0126 hours, WSP Communications advised of a possible DUI vehicle EB SR-520 in the construction zone approximately just west of 148th Ave NE. The 911 callers were highway maintenance workers contracted with WSDOT. The vehicle was described as a black Mercedes GL63 (WA/ASJ0025) that had illegally entered the marked off construction zone (with signage and orange barrels) at a rate of speed between 60-70 mph and was boxed in by the workers' vehicles to prevent the unauthorized driver from entering the ramp to SB 148th Ave NE. The driver then sped off out of the closure after being contacted; the workers who spoke with the driver advised WSP Communications they believed the driver had been drinking. The driver was described as a black male approximately 30 years of age with long braided hair. The witnesses (Brandon Berlien and Dustin Wolfe) advised in their joint sworn statement (without knowing the driver's identity at the time) that the driver looked "very similar to former Seattle Seahawk Richard Sherman". The witnesses further advised that the driver "sounded intoxicated" and had "slurred speech". The witnesses advised that their crew then observed the same vehicle driving eastbound on NE 24th St with a flat tire and shooting sparks after it had left the freeway ramp from EB SR-520 to NB 148th Ave NE and making an illegal left turn across the median to go southbound. Shortly after, construction workers found the damaged vehicle abandoned in the parking lot in front of the Arby's at 15115 NE 24th St, Redmond, WA 98052. There was damage to the left front and left rear quarter panels and the rear axle appeared broken with the back left tire sideways in the wheel well. The front left tire was flat. I arrived on scene with the abandoned vehicle at approximately 0139 hours and began an area search. WSP Communications advised that this vehicle returned to a Richard SHERMAN; this subject had been reported by King County Sheriff's Office earlier in the evening as a possible suicide risk, who had been drinking and was involved in a disturbance at his home in Maple Valley and was possibly en route to a family member's house in Redmond. (This earlier call was first dispatched at 2343 hours but WSP was advised to disregard initially at 2347 hours by King County Sheriff's Office as the situation appeared under control and SHERMAN was still at home.) Shortly after the vehicle was located abandoned, Redmond PD located SHERMAN involved in a disturbance at a family member's address of [REDACTED] approximately 2.3 miles east of the vehicle at approximately 0208 hours.

Personal Contact (Observation of driver, statements, pre-exit, sobriety tests, observation of the exit, odors, general observations such as speech, attitude, clothing, etc.):

I accompanied Redmond PD at approximately 0208 as they formed a joint Redmond PD/WSP contact team to approach SHERMAN, who was pacing around in front of the house. There were multiple officers with less lethal options and a K-9 unit as a backup due to information received earlier that SHERMAN intended to fight police. Upon first contact, SHERMAN was fairly cordial with Redmond PD but was agitated about the situation with his father-in-law. I did not know all of the details of the domestic incident that had occurred previously at either location but I was told that mace had possibly been used at one point. Redmond PD asked SHERMAN if he would allow them to detain him for safety reasons in handcuffs and SHERMAN refused and stated he did not wish to talk with that officer anymore. When it was clear that these initial efforts to de-escalate SHERMAN's erratic behavior were not successful, I began speaking with him and taking over the contact. I spoke with SHERMAN about a positive interaction I had with him when I worked as a valet several years ago where I parked his car at a charity event he was hosting at a venue in Seattle. This seemed to calm Sherman down for a brief bit but he suddenly shifted to the

discussion to his children and he demanded to know if I had children. I did not, but I had Trooper Solberg begin speaking with SHERMAN to continue to build a rapport based on their shared experiences as fathers. These attempts at de-escalation were briefly successful at bringing his demeanor and agitation down but he still displayed mood swings. Through the course of their separate investigation involving an interview of subjects inside the home, Redmond PD developed probable cause to arrest SHERMAN for felony burglary - domestic violence. Their Sergeant took back over the contact and advised SHERMAN that he was under arrest and gave him clear instructions to kneel down to get him into a safe handcuffing position. SHERMAN ignored these commands and became more hostile and belligerent and stated multiple times he would not be arrested or go into handcuffs. SHERMAN made an implicit threat that it would be a "long day" for the officers on scene if an arrest or any less lethal tools were used. The deliberation went on for several minutes.

Pre-Arrest Screening (Field Sobriety Tests, Preliminary Breath Test):

SHERMAN was not offered pre-arrest DUI screening due to his agitated demeanor and the circumstances of his impending arrest by Redmond PD for domestic violence charges. SHERMAN refused to acknowledge Miranda when it was read to him at 0235 hours by Redmond PD officer J. Cassidy; thus, Standardized Field Sobriety Tests (SFSTs) and a Preliminary Breath Test (PBT) were not offered.

Arrest (Handcuffing, Searching, Constitutional Rights):

After an extensive period of attempts at de-escalating the aggravated SHERMAN, who was not compliant with commands, a hands-on use of force ensued as SHERMAN attempted to back away from officers back toward the house. SHERMAN was combative and shoved several officers and the K9 out of his way as they attempted to secure him, SHERMAN broke free and ran toward my position in the road, where I found myself squared up with him as I attempted to gain control of his body to effect an arrest. I performed a double leg takedown to bring SHERMAN briefly off his feet then down to where he was now sitting on the ground. I felt that this was a reasonable and low level of force to bring SHERMAN off of his feet to a more secure position that was unlikely to cause injury due to his center of gravity remaining relatively low to the ground after the takedown. I then secured his legs with my hands while other officers secured his upper body and eventually took him into custody by handcuffing him behind his back. SHERMAN provided active resistance throughout this entire process on the ground. At some point during this altercation, Redmond PD's K9 accidentally bit me on the shoulder, causing an abrasion but no severe injury requiring medical treatment. It also later came to light that SHERMAN experienced a K9 bite in his ankle area. When the handcuffs were applied and he was in custody, a request for medical aid was made. SHERMAN was stood up and allowed to sit in a comfortable location of his choice against a car bumper. His mood seemed to lighten up and he even joked around with us about the merits of my takedown form and eventually admitted it wasn't bad. He was still occasionally agitated, particularly about the K-9 use, but he was overall more jovial than before.

SHERMAN displayed severe mood swings and slurred speech, had bloodshot, watery eyes, and had the obvious odor of intoxicants emitting from his person during this contact. He was advised at the scene by Sgt. Foster that he would also be in custody for DUI. Redmond PD handled the in-custody aspects of the incident such as the searching, reading of rights, and transport via ambulance.

*Use the "Additional Persons and/or Vehicles" ROI, if applicable.

Administrative Process (BAC and Disposition):

Due to SHERMAN needing treatment at a hospital following the K9 bite injury during the use of force, an evidentiary breath test is unavailable. SHERMAN was transported by ambulance to Evergreen Health Hospital in Kirkland. At the hospital I applied for a DUI search warrant for two vials of SHERMAN's blood to test for the presence of intoxicants. I was granted a search warrant by Judge Harn that was carried out by a licensed technician in the hospital's ER; see warrant documents for details. I cleared the hospital and transported the vials to the WSP Evidence system at the WSP Bellevue District 2 office along with a toxicology request form. SHERMAN was polite and cooperative at the hospital.

Additional Observations and/or Comments:

Redmond PD will be referring separate felony charges for the incident at the home; WSP will be referring DUI, Reckless Endangerment of a Highway Worker, and Hit and Run due to the damage to the WSDOT barrier and SHERMAN's flight from the scene after abandoning the damaged vehicle. There was fresh damage to the left side of the EB SR-520 to NB 148th Ave NE ramp as the roadway curved to the right and gouges in the roadway leading up to where the vehicle was found abandoned were noticed. This roadway evidence was photographed by Sgt. Foster.

On 7/14/2021 at approximately 0126 I was on duty in King County in uniform in my WSP issued patrol car. I was advised that Trooper J. Arata #1247 was attempting to locate a subject, later identified as Richard K. Sherman 3/30/88, that had driven a vehicle through a construction zone. I was advised that it was a possible DUI. I was advised that the vehicle was found abandoned in the Arby's parking lot on NE 24th street just east of 148th Ave NE in Redmond, King County by Trooper Arata. I was advised that all the tires of the vehicle were flat. I was advised by WSP communications that Mr. Sherman may be suicidal and that he had previous contact with KCSO earlier in the evening.

I arrived in the area at approximately 0147 and began assisting with the search of the area. I was advised that Mr. Sherman may be on his way to his parent's house that was located approximately 2 miles to the east. I searched through the area but did not locate Mr. Sherman.

I was advised that Trooper B. Silver #1252 was with Redmond PD at the intersection of NE 24th street and 180th Ave NE. Redmond PD advised that Mr. Sherman was outside of his parent's residence [REDACTED] and that they, RPD, were going to place him under arrest for assault and possibly DUI. I was advised that Mr. Sherman had been sprayed with pepper spray by somebody at the residence. Troopers Arata, Silver, C. DeHart #500, and I accompanied RPD to the residence to assist. All patrol vehicles were parked around a corner from the residence and we proceeded on foot. I removed my bean bag shotgun from my patrol car in order to provide less-lethal cover. Up until the walk to the residence I did not know the identity of the subject.

I observed Mr. Sherman pacing in the walkway by the front door of the residence. Upon contact RPD told Mr. Sherman that they needed to speak with him. Mr. Sherman appeared very agitated. Mr. Sherman had removed his shirt and was using it to wipe the pepper spray off of his face. An RPD Sergeant spoke with Mr. Sherman and asked him if he would allow them to detain him in handcuffs. Mr. Sherman advised that he would not be handcuffed. Trooper Arata spoke with Mr. Sherman and was able to de-escalate by talking about how he had been his valet several years prior. Mr. Sherman calmed down momentarily before becoming visibly upset again while talking about his children and how they had been taken from him. Trooper Arata asked Mr. Sherman to speak with me as I was also a parent and could possibly relate. I handed my less-lethal shotgun to Trooper DeHart before approaching Mr. Sherman. I did this because Mr. Sherman had advised that the presence of weapons was making him uncomfortable. I spoke with Mr. Sherman and he advised that he was upset over his children being taken from him. I related with Mr. Sherman as best I could by trying to empathize how that must feel. I advised Mr. Sherman that we wanted the situation to calm down. Mr. Sherman advised that he was calm and he briefly appeared less agitated. Shortly after Mr. Sherman began pacing while creating distance between himself and the officers on scene.

Mr. Sherman was advised by Redmond PD that he was under arrest for burglary, the details of which I was not aware of. Mr. Sherman was advised that if he resisted arrest that he may be bit by the police K9 that was on scene or possibly have a beanbag deployed against him. Mr. Sherman backed away from officers and partially retreated behind a vehicle that was parked in the driveway. An arrest attempt was made and Mr. Sherman resisted. The K9 was deployed. Mr. Sherman pushed officers away and continued to resist arrest. Mr. Sherman was taken down by

Trooper Arata. While Mr. Sherman was on the ground he continued to resist arrest. Mr. Sherman was placed into handcuffs.

Almost immediately after being placed under arrest Mr. Sherman became calm and reasonably cordial, even going as far as to jokingly comment on Trooper Arata's tackle. I asked RPD if they had an ambulance on the way and they advised that they did. I returned to my patrol car and put my bean bag shotgun away. I then drove my patrol car to the residence. I retrieved my first aid kit to bandage Mr. Sherman's left foot where he was bit by the K9. Mr. Sherman's foot was bleeding slightly so I applied a pressure dressing.

An ambulance arrived on scene and medical treatment was taken over by EMS personnel.

I cleared the scene with approval from my sergeant, D. Foster #171, ending my involvement in this case.

On July 14th, 2021, I, Trooper Bailey Silver, #1252, was patrolling in King County, Washington, with a full commission from Chief of Washington State Patrol to enforce all laws Washington State. I was working my assigned shift from 1700-0300. I was driving a fully marked patrol vehicle wearing a department issued uniform.

At approximately 01:26 hours, WSP Communications advised of a possible DUI at the location of EB SR520 just east of NE 148th Ave NE. Communications advised that the driver of a black SUV bearing Washington registration ASJ0025 had driven into a construction zone and that the caller felt the driver had been drinking. Further, Communications advised that the construction workers had closed off the ramp for work purposes and that the driver had attempted to drive through the closure. Trooper J. Arata, #1247, advised that he would be en route. While en route, Arata requested a second unit and I advised that I would be en route.

Arata advised that the vehicle was located in the Arby's parking lot of NE 24th St. Upon arrival the vehicle was found abandoned. Myself and Arata searched the area for the driver but were unsuccessful in locating the driver. I received a PMDC message via my department issued computer advising that the subject was Sherman, Richard.

Communications advised that Redmond PD had last seen Sherman near the 17500 block of NE 24th St. After unsuccessfully locating the driver in the area of Arby's where the vehicle was located, I made my way to the last seen location. Upon arrival at the 17500 block NE 24th St, I located several Redmond PD units stationed at this location. I spoke with a Redmond PD unit who advised that Sherman had made his way to a nearby residence and was causing a disturbance. Redmond PD advised at that time Sherman had not committed any crime to their knowledge. I advised that we had probable cause for DUI. I then advised Arata and Sergeant D. Foster, #171, of Redmond PD's current location and what was occurring, they both advised that they would be en route.

At approximately 02:08 hours, myself, Arata, Trooper C. Dehart, #500, and Trooper J. Solberg, #711, staged our vehicles with Redmond PD near the cross streets of NE 29th St and 180th Ave NE. We walked down the hill with Redmond PD. After several attempts between WSP units and Redmond PD units to speak with Sherman, he refused to be detained for safety purposes.

Redmond PD spoke with the homeowner whose house Sherman had been in front of and determined that the subject had committed a crime while at the residence. Redmond PD moved in to try and make an arrest of Sherman. Sherman was able to maneuver to the street without being taken into custody. Arata was able to find an opening and affect a take down so that Sherman was on the ground on his back. Myself and several other units moved in to help roll Sherman on to his front and place handcuffs. I was able to move Sherman's right arm from over his head to behind his back so that Dehart could place him into handcuffs.

After Sherman was placed into handcuffs, he was rolled over and placed into a seated position. Aid arrived several minutes later to check on Sherman's injuries. Sherman was advised multiple times why he was under arrest.

After this, I left the scene and this concludes my involvement in this case.

On July 14, 2021 I was working my assigned shift in King County. At approximately 0126 hours, I was advised of a possible DUI, hit and run collision. The collision was Eastbound SR520 near the construction zone at 148th. Trooper J. Arata #1247 asked for assistance since the driver of the collision (Richard Sherman 3/30/1988) was possibly suicidal. I drove around in Redmond attempting to locate Sherman. Redmond PD advised Sherman was at his inlaws house where he was not welcome and he been sprayed with bear spray (by family member). I was also advised someone in the house was armed with a handgun. I arrived on scene near the residence at 180th AVE NE and NE 30th St. I walked down to the residence with RPD and WSP units. I observed Sherman wiping his face he had sprayed with the water faucet, outside the residence. RPD spoke with Sherman, and advised him he was not welcome at the house. Sherman stated the officers were going to be required to fight him for him to be in handcuffs. RPD advised there was damage to the outside of the door where Sherman had tried to enter the residence. Sherman stated he wanted to be with his kids. I could detect a slur in Sherman's speech as he spoke. I could also smell the strong odor of intoxicants emitting from Sherman. Officers on scene stated he was not free to leave and that he was being detained. Sherman stated he did not want to be placed in handcuffs.

Sergeant D. Foster #171 arrived on scene. I went to brief Sergeant Foster on what was happening. As we walked back towards the residence, the units on scene attempted to place Sherman into custody. I ran towards the units on the ground with Sherman. Sherman refused to place his hands behind his back as he was on his stomach. Officers struggled to get his arms behind his back. Finally both arms where behind his back where I was able to successfully handcuff him. Sherman then sat on the ground handcuffed. Aid was advised to respond to the scene for injuries to Sherman's ankle (from RPD K9). Aid arrived to tend to the injuries to Sherman. I then cleared the scene. This concludes my involvement in the case.

S. 148th offramp, not N.
During road construction on EB 520 for the Sound Transit E-300 we had the ~~S. 148th~~ S. 148th offramp closed for striping. There was a VMS, signage and barrels every 40 ft. A vehicle traveling roughly 60-70mph drove into the closure. We blocked his SUV and told him he needed to get out of the closure and to follow the detour. He sped out of the closure and later, some of my crew saw the vehicle driving on NE 24th. He had a flat tire and was shooting sparks as he drove by them. They described a vehicle very similar to the one in the closure. I drove up and confirmed it was the same vehicle. The driver I spoke with was an african american male. He looked to be about 30 years old. He had braided, long hair. He looked very similar to former Seattle Seahawk, Richard Sherman. I did watch as he left the closure - he took the N. 148th offramp. If I had to guess, because I see a lot of cars do this when we close S. 148th offramp, he came up to the top of the N. 148th offramp and took an illegal left turn and hit the A-curb that separates NB & SB 148th. When I spoke with the driver, he sounded intoxicated and was slummy his words.

I have read each page of this statement which consists of 2 pages. Each page has my signature and any corrections have my initials. I declare that the facts stated here are true and correct to the best of my knowledge and I will testify in a court of law if necessary. My statement has been made freely, voluntarily, and without threats or promises of any kind.

KING COUNTY CAUSE NO. _____
CERTIFICATION FOR DETERMINATION OF PROBABLE CAUSE

That R. Lazo is a Police Officer with the Redmond Police Department, and was involved in this investigation conducted by the Redmond Police Department under Case number(s): 21-014382.

There is probable cause to believe that Richard K. Sherman committed the crime(s) of:
Residential Burglary

This belief is predicated on the following facts and circumstances:

On 07/14/21, I was dispatched to a reported disturbance at [REDACTED] [REDACTED] [REDACTED] [REDACTED]. Dispatch advised the reporter stated a male, identified as Richard Sherman (DOB: 03/30/88), was acting crazy outside of the residence and attempted to break into the house. Additionally, the female caller who identified herself as Sherman's wife, told responding officers to "Hurry up and get here" due to the fear of the situation growing violent. Upon arrival, myself and other officers met Sherman outside of the residence where we informed him of why we were called to the residence. While other officers and I talked with Sherman away from the house, Sgt. Tell went to the residence and talked to the homeowner who identified himself as Raymond Moss (DOB: 07/09/61). It should be noted Raymond is Sherman's Father-in-Law. It should also be noted Raymond had been sheltering his daughter – Richard's wife identified as Ashley Moss-Sherman (DOB: 04/22/88) – and grandchildren due to the irrational actions of Sherman earlier in the evening when he stated he was suicidal to Maple Valley deputies. Then, Raymond explained to Sgt. Tell that Sherman was not welcome inside of the home and was acting irrational and hostile outside. Raymond stated he told Sherman numerous times to leave but he refused. Instead, Sherman threatened Raymond by stating, "Come through Ray, Come Through." Raymond stated at that point Sherman backed away from the door and lowered his shoulder before charging into the door frame numerous times, causing damage. The following is directly from a victim statement form filled out by Raymond: "Richard Sherman approached the front door setting off my door chime. Sherman used the code to unlock the door. The upper lock prevented him from entering. Sherman began to yell "Come Through Ray" in a hostile threatening tone. Sherman began to force the door open with his shoulder forcibly. He continued to bang on the door trying to force entry. The family began to yell in fear. I used pepper spray on Sherman's face through the partially opened door as he was still banging and attempting to gain entry. I told him to stop. I

armed myself with my handgun at this time fearing for the safety of myself and my family. My daughter called 911 for help. Sherman continued to bang on the door. The door was broken from the force used by Sherman. He was at the door approximately from 0141 until 0210 when Redmond PD arrived. Sherman was not granted permission to enter or break the front door. I observed video of the incident during which I observed Sherman lowering his shoulder and launching his body full force into the front door at least three times. Due to Sherman attempting to gain entry to a residence to a residence he was not welcome inside of even after being told numerous times to stop, there is probable cause to charge him with attempted Domestic Violence Residential Burglary, RCW: 9A.52.025. Additionally, due to Sherman breaking the door frame of his father-in-law's residence, there is probable cause to charge him with D.V. Malicious Mischief in the third degree, RCW: 9A.48.090. Lastly, due to Sherman pulling his arms to his body and pulling away from attempts to place him into handcuffs after being informed he was being placed under arrest, there is probable cause to charge him with Resisting Arrest, RCW: 9A.76.040.

Additionally, it should be noted Washington State Patrol is pursuing its own investigation of Sherman for DUI Hit and Run. Washington State Patrol submitted a Blood Search Warrant Request which was granted. Furthermore, as part of this investigation, Maple Valley Deputies advised they had responded to Sherman's residence earlier in the evening due to the subject being suicidal, threatening suicide-by-cop and stating if he was placed into handcuffs they would have to kill him.

Under penalty of perjury under the laws of the State of Washington, I certify that the foregoing is true and correct. Signed and dated by me July 14, 2021 at Redmond, Washington.

Officer's Name: Jack H. Arata Badge No.: 1247

Video file name (if applicable): _____

Video viewed by officer for this report: YES NO

This is an addendum to my full DUI report adding the fact that the Mercedes key was located in SHERMAN's pocket during the search incident to arrest.

Additionally, I am recommending a Resisting Arrest charge (RCW 9A.76.040) due to SHERMAN's active resistance and combative behavior while we attempted to place him into custody. This charge was unable to be added to the original SECTOR citation number due to the non-traffic nature of the offense. Please refer to my full DUI report for details.
